# MESSAGE FROM PRESIDENT

Victor Bay

My Dear Fellow Warren Members

Twelve months ago, it was beyond my imagination that I will be penning my thoughts in Warren Tidings as Club President on the eve of our Annual General Meeting (AGM) scheduled on 03 May 2024.

I attended the AGM in May 2023 as a member. I recalled sitting at Yan Palace in a very relaxed mood. Looking at the panel of Management Committee (MC) Members, I felt a tinge of relief that I was not on the "firing line". I also felt a little "sad" for the MC Members on that night as many are my good friends. "Sad"? Because it is a thankless job being a MC Member. You do well: "Ya, big deal. You are expected to do so". You messed up: "See, see. Serving only out of self-interest."

Well, not in my wildest dream, things changed rapidly within two weeks after AGM 2023. And here I am, taking my place in the "firing line" for AGM 2024.

As we prepare for AGM 2024, the MC will have an opportunity to share on how the past 12 months have been. It certainly had been an exciting period especially with the rolling back of many COVID restrictions. Our Club activities were revved up at full throttle!

More importantly, AGM 2024 will give the MC the platform to share the challenges the Club is and will be facing at least in the next 12 months. Whilst some members continue to have views on the booking of golf slots, quality of our Club facilities, food and anything that do not measure up to their individual preferences and likes, I like to think that generally, members are happy with what we have at Warren and how they have been served. Yes, we are not perfect (who and which club is?) and there is always room for improvement. We are also very glad that many members have continued to offer their sensible views and wise counsel. I urge all members to continue to do so and in a way that our staff is not judged unfairly and intimidated.

At the forthcoming AGM, the MC will also be sharing on the tight purse string we are operating and what the Club has been doing to exercise good dollar sense and prudence to jealously safeguard our reserves. We alone can only do so much. We need the members to also stride along with us. No one likes to cut cost. No one likes to pay more. No one likes to be curtailed and "pinched". But as our lives have proven, sometimes, the bitter medicine for the long term well-being is inevitable.

Another issue, uppermost on the lips of many members is the status of our land lease renewal. As you know the lease of the land on which the Club sits on today will expire in August 2030. We have been reaching out to the Singapore Land Authority (SLA) to query on the fate of the lease and I will be providing an update at the AGM on 03 May 2024.

Once again, thank you very much my dear fellow members for the support you have given to the MC, Sub-Committees and the Club Management and to each other.

We are ONE FAMILY, the Warren Family. Some members have told me that they spend more time at the Club than at their home! With that at least we have succeeded in making "Warren a Home away from Home"!

The upcoming Annual General Meeting (AGM) will be held at Yan Palace on 03 May 2024. Similar to last year, voting will take place after the close of the AGM and will continue for an additional two days on 04 and 05 May 2024. The notice and agenda for the AGM were sent out by post in early April, which members should have received. We look forward to your participation.

Our Sports Team has curated an engaging series of activities for our junior members during the upcoming June School Holidays. From interactive workshops to entertaining recreational and sports events, there is something for everyone. Look out for the Annual Swim Meet, Badminton Boot Camp, Picnic Basket Workshop, and more. We hope these programmes will enhance the kids' school break and create cherished memories.

For all food and beverage enthusiasts, we are delighted to present our latest monthly and daily specials at our F&B outlets. Be sure to mark your calendars for the T Bar Saturday specials and beverage promotions. In addition, do not miss our upcoming Sake Night on 24 May 2024 where you can have an evening of indulgence with free flow of sake and beer. Seats are limited, so sign up soon!

Experience the thrill of fishing in a unique setting at our upcoming fishing competition inside the tranquil surroundings of the golf course! Calling all avid anglers and nature enthusiasts do join us for a day of excitement and camaraderie on 10 June 2024. Enjoy a day of friendly competition, stunning scenery and the chance to reel in some impressive catches as well as prizes. Do not miss out on this fantastic opportunity to connect with fellow members.

In our ongoing commitment to sustainability, the Club is in the process of installing solar panels on the sloped roofs of both the Main Clubhouse and Sports Wing. The installation is handled by an experienced vendor in the field at no cost to the Club. These panels will eventually help us reduce our carbon footprint and contribute to the long-term cost savings of the Club's electricity bills.

As part of our efforts to recognise our staff's outstanding contributions, we are excited to introduce the Employee of the Month award! This monthly recognition celebrates an individual who consistently demonstrates excellence in their role, going above and beyond to deliver exceptional service for members and guests. Let us commend our team members and nurture a culture of appreciation and recognition.

Lastly, wishing all the amazing parents in our Warren community a Happy Mother's and Father's Day!

# **JUNIOR ACHIEVEMENTS**

Warren Junior, Sydnie Ng (Middle)

Photos credit to SGA

Congratulations to our Warren Junior, Sydnie Ng, for clinching the Division B Girls' title at the HSBC Youth Golf Challenge 3rd Leg with an impressive one-under-par performance at NSRCC (Kranji Golf Course). Another remarkable achievement under her belt. Well done, Sydnie!

We are thrilled to share that our Warren Junior, Bruce Kwong, has achieved another remarkable feat. Competing in the Mission Inn Spring Junior Open at the El Campeon course on 06 and 07 April 2024, Bruce secured the Champion title for the Boys (14-15) division with a combined stroke count of 152. In his Facebook post, he shared on the challenges of the week, acknowledging that it was not his best ball-striking performance. Nonetheless, he persevered and learned a valuable lesson about the significance of a good short game. Congratulations to Bruce!

# Debunking Fitness Myths: Separating Fact from Fiction - Part 2

In the world of health and fitness, misinformation often runs rampant, leading many to make misguided choices in pursuit of a healthier lifestyle. Here, I will debunk four prevalent fitness myths to help you make informed decisions.

## Myth 1: Detoxes and cleanses are essential for health and weight loss

**Fact:** Your body is equipped with its own natural detoxification system, primarily managed by your kidneys, liver and skin. Any products claiming to detoxify your body are simply capitalising on a baseless notion. If you have health concerns, it is imperative to seek professional medical advice rather than relying on unregulated fads promoted on social media.

### Myth 2: Organic food is inherently safer and more nutritious

**Fact:** The debate between organic and non-organic foods often leads to confusion. Both options are deemed safe and healthy, each with its own set of advantages and disadvantages. Rather than focusing on perceived superiority, it is more beneficial to opt for the produce that aligns with your personal preferences and budget.

## Myth 3: Foods that spike blood sugar are unhealthy and contribute to weight gain

**Fact:** The idea that foods causing a spike in blood sugar are detrimental to health is simply unfounded. In reality, blood sugar spikes are a normal and healthy response to various foods. Dismissing an entire category of foods based on this notion is not only misleading but also detrimental to a balanced diet.

### Myth 4: Walking is not a form of exercise

**Fact:** Contrary to the misguided belief that walking is not a legitimate form of exercise, it is in fact an invaluable tool for improving overall health. In numerous regions worldwide, the healthiest populations share a common practice – they walk extensively. Walking is an accessible and effective way to kick-start your fitness journey.

### **Conclusion: Separating Fact from Fiction**

As you continue on your path to a healthier and fitter you, arm yourself with knowledge, question popular beliefs and always prioritise evidence-based information. By doing so, you will be better equipped to make choices that align with your personal health and wellness goals.
