# MESSAGE FROM HONORARY TREASURER

Wendy Chia

Hello, my dear fellow members, hope you have been enjoying every issue of our Warren Tidings e-magazine as much as I do. As the Treasurer, I want to extend my heartfelt gratitude to each of you for your unwavering support in our go-green efforts. By going paperless, this has helped the Club significantly in reducing its operating cost while doing our part in reducing the carbon footprint. The Management Committee, together with the Management team, remains committed to exploring eco-friendly initiatives and ways to trim the operating cost at the same time. Your understanding and support are invaluable to the Club.

Over the past years, we have witnessed a steady increase in the operating costs, driven by a variety of factors, including inflation, rising utility costs, the general economic environment and the geopolitical situations. As we strive to provide members with a home away from home, we must also address these financial challenges with prudence and foresight. While Management continues to follow up with SLA on the issue of land lease renewal, we members can help to contribute towards the financial sustainability of our Club by actively patronising and supporting our outlets and events organised. To give members more dining options, Management has set up the Sushi Bar, which has received many positive comments. So, get your fix of sushi and sashimi by heading down to Golfers' Terrace together with your friends and family!

Cost control through waste reduction is also a way to help conserve the Club's resources. Turning off the lights and fans after use, reducing towel and water usages are some of the simple ways. Taking better care of the properties helps in reducing the repair and maintenance cost. We all have a role to play in this initiative.

Management is also constantly looking for opportunities to increase our cash inflow. The 50 Social to Golfing membership conversions in year 2023 has yielded an income of \$0.8m at the non-operating level. With the approved resolutions to convert 100 Social to Golfing memberships and the increase of \$3 buggy fees in the recent Annual General Meeting, we hope to pump up our coffers by around \$2m in the next 2 years. This boost will help our Club as we navigate the delicate balance of sustaining our financial resources, maintaining and enhancing the facilities and services that make our Club a treasured haven for all members.

To tap on technology to enhance efficiency, we have upgraded our Point of Sales system and also introduced robot server to supplement the service team during peak hours. At the back of house, the Human Resource Management system has also been upgraded to improve the processes of staff rostering, verification of attendance, payroll processing, e-claims processing and provision of e-payslips to staff. This has greatly reduced the time taken for each process and increasing accuracy of the records. Management will continue to explore ways to utilise technological advancements to improve efficiency and members' experience.

In conclusion, I want to reiterate my gratitude for your continued support and engagement. Let us work together to ensure that Warren remains a vibrant and thriving community for years to come.

## GM SPEAKS...

**Jinder Aujla**

Dear Members

I would like to extend my heartfelt thanks to everyone who took the time to attend the Annual General Meeting on 03 May 2024, as well as those who voted during the next two days. The proposed motion to conduct 100 Social to Golfing Transferable Membership conversions over a two-year period was successfully carried by the members' vote. I am pleased to share that the conversion exercise is currently ongoing, and conversions from Social to Golfing are available on a first-come, first-served basis. We encourage any Social Members who are interested in exploring this opportunity to reach out to our Membership Team for detailed information and guidance on the conversion process.

From 04 to 06 September 2024, the Club will be holding the 12th Warren-Seagull Amateur Open, a prestigious event that has become a highlight of our golfing calendar. We are thrilled to welcome a diverse field of talented amateur golfers from both local and international backgrounds. All members are encouraged to take the opportunity to participate in or witness this exciting event. The tournament promises to showcase exceptional skill, sportsmanship, and competitive spirit on our challenging course. Sign up now and be ready to tee off in the most anticipated golf event!

Our Sports Team has planned an exhilarating line-up of sporting events for the next two months to cater to members from various skill levels and interests. Prepare yourself for friendly competition and camaraderie with our upcoming Fun Bowling event, Table Tennis Championship, and 6-Red Snooker Championship. Whether you are a seasoned player or an enthusiastic beginner, we encourage members to participate, challenge themselves, and perhaps discover a new hidden talent.

Look out for the exciting launch of our revamped Golfers' Terrace menu this July, where our chefs have curated a tantalizing array of new culinary creations to cater to the diverse palates and preferences of our members. With this new menu, we hope to elevate your dining experience at the Golfers' Terrace. Additionally, pair your meal with our enticing promotions on whisky, wine and beer for a complete dining experience at the respective outlets.

We are also pleased to share that Warren Cares will be collaborating with two charitable organisations, SASCO Senior Citizens' Home and Sunbeam Place @ Children's Society to continue the Club's Corporate Social Responsibility initiatives. Through these initiatives, we aim to expand our ongoing efforts to make a positive impact on the community and support those in need. If you are passionate about giving back and participate in meaningful volunteer work, we will be sharing information about the specific initiatives, volunteer opportunities, and ways in which you can contribute your time and resources to support these worthy causes soon.

In celebration of the upcoming 59th National Day, our Warren Kids' Club will be organising an exciting activity for the young ones, where they can unleash their creativity by designing their very own Singapore Bearbrick! We look forward to your continued support in all our upcoming events. Lastly, I wish all members a joyous celebration with your loved ones and a Happy 59th National Day, Singapore!

### Unravelling the Mystery: How Do Various Diets Lead to Weight Loss?

When it comes to losing weight, the concept of a calorie deficit often takes centre stage. However, it is not the sole path to weight loss. Let us explore how different diets can lead to successful weight loss without delving into complex scientific jargon.

#### The Keto Diet: Embracing Low Carbs

The ketogenic diet, known as Keto, advocates for a drastic reduction in carbohydrate intake. By eliminating carbohydrates, this diet naturally reduces calorie consumption, putting the body in a deficit and promoting fat loss.

#### Intermittent Fasting (IF): Time-Restricted Eating

IF involves restricting eating to specific time windows, often skipping meals like breakfast or lunch. By compressing the eating window, you naturally consume fewer calories leading to weight loss.

#### Low-Fat Diets: Reducing Fat Intake

Like low-carb diets, low-fat diets require a significant reduction in fat intake. By eliminating fat, you naturally reduce your calorie intake, facilitating fat loss.

#### Weight Watchers (WW): Portion Control

WW assigns a daily point value to food, effectively regulating calorie intake. By adhering to these points, you control your portion sizes, consume fewer calories and achieve fat loss.

#### The Paleo Diet: Embracing Natural Foods

The Paleo diet emphasises consuming natural and minimally processed foods, eliminating calorie-dense additives. This naturally leads to reduced calorie intake and promoting weight loss.

#### The Bottom Line: Understanding Fat Loss

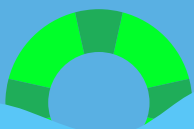

While various diets offer diverse approaches to weight loss, the key to shedding fat ultimately lies in maintaining a calorie deficit. Each diet achieves this in its own unique way, but the fundamental principle remains consistent. To lose fat, you must consume fewer calories than you expend.

The diverse array of diets provides everyone with flexibility and choice. It is important to find a dietary approach that suits your preferences and lifestyle while keeping in mind that achieving fat loss fundamentally hinges on sustaining a calorie deficit.

### ***How would you describe your Swim Meet experience?***

The meet was really exciting and fun despite the hot weather.
